

SUB80

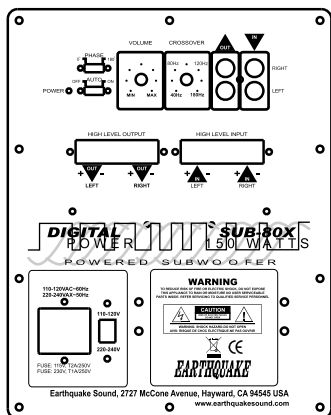

Down Firing Powered Subwoofers

Model:
SUB80

SUB80

(H) Height w/ legs	13-1/4"
(W) Width	9-7/8"
(D) Depth	13-3/4"

OBJECTIVE

The SUB80 subwoofers are built for low budget consumers, custom installers and retailers who want to increase their margin with a reliable and accurate subwoofer system.

Earthquake is well known for their high power, no non-sense subwoofers and the SUB80 is no exception. It contains a 150-Watt built-in amplifiers, an 8" premium down firing designed subwoofer and an appealing finish; everything that a consumer on a budget wants and needs. In addition to its great output and low cost, the SUB80 is the optimal choice because of its compact size and ability to blend well with just about any décor.

INTENDED USE

- ✓ Contractors, Custom Installers & Retailers
- ✓ Home Theaters/5.1 & 2-Channel/Music Systems
- ✓ Town Homes/Condos/Apartments
- ✓ RVs & Yachts

With a frequency range of 23-180Hz, the SUB80 is up to par as far as the bang factor is concerned. It can also be relied upon to withstand a beating from end-users, easy to use and uncomplicated to operate.
